Entitled "*METHOD AND SYSTEM FOR RATING EDUCATIONAL  
PROGRAMS*"  
Our File No. 4666-1

Dear Examiner Young:

Pursuant to our recent conversations regarding errors in the publication of the above-identified U.S. Patent, wherein an appendix to the specification was not printed, please find enclosed a previously entered Amendment and Response having a date of Feb. 24, 2004 requesting entry of this appendix. In particular, entry of this appendix (identified as "Appendix A" in the above-identified Amendment and Response) was requested on page 4 of the enclosed Amendment and Response, and the Appendix A commences following page 18 of the Amendment and Response. The Appendix A has page numbers beginning with page number 28 and ending with page number 206. This appendix has page numbering reflective of where the appendix was to be printed in the issued patent; i.e., at the end of the specification and immediately prior to the claims. Accordingly, in the re-printing of the above-identified U.S. Patent requested herein, this Appendix A should be printed immediately before the claims; i.e., starting immediately before column 13, line 49 of the currently printed incorrect version of the above-identified U.S. Patent.

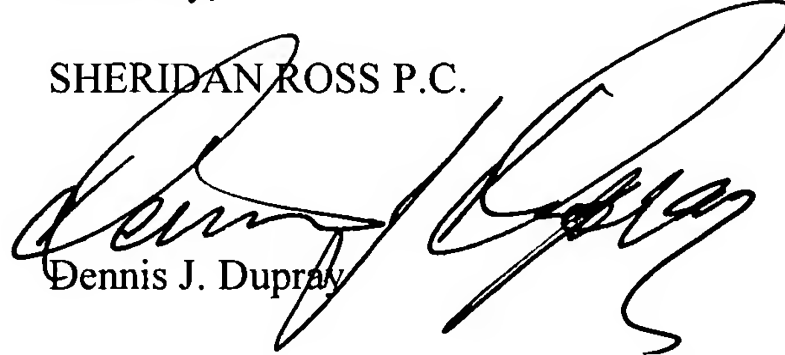

Note that the enclosed Amendment and Response having a date of Feb. 24, 2004 was obtained from the USPTO/PAIR website at <https://sportal.uspto.gov/secure/myportal>. Further note that the Amendment and Response contains the USPTO "OIPE" stamp verifying receipt on Feb. 25, 2004.
